Aia (Trentino) - Panorama

A horizontal strip of a landscape painting showing a path through a forest with a building in the background.

A close-up photograph of a dense, green, leafy plant, possibly a shrub or vine, showing intricate branching and foliage.

ORNAMENTO FASE 1

104

An aerial photograph of a coastal town, likely a fishing village, nestled in a valley. The town is built on a hillside overlooking the sea. In the foreground, there is a cluster of buildings, including a prominent white church with a tall, thin bell tower and a lighthouse. The town is surrounded by lush green vegetation and fields. The sea is visible in the background, with some small boats visible on the water.

A panoramic view of a town nestled in a valley, with a church tower and buildings visible against a backdrop of hills and a blue sky.

A panoramic view of a dense urban area, likely a residential or mixed-use district. The foreground is filled with numerous buildings of varying heights, mostly multi-story structures with light-colored facades. Interspersed among the buildings are several large, mature trees with dark green foliage. The sky above is a clear, pale blue. The overall scene suggests a bustling city environment.
